best of the new fabric collections, part II

1 Leather expert **Alma** (020 7377 0762) has launched a whole collection of fantastically unusual skins including (left to right) goat made to look like leopard, eel and laser-cut cowhide. 2 **European Heritage** (020 7386 6063) has come up with the fun Jelly Bean tile – which looks just like randomized jelly beans, mounted on a clear plastic net backing. 3 The Luna project is the latest from furniture maker **Tim Forrester** (079731 195830). The 20 different pieces of furniture in the range is produced from a single elliptical form and includes seating, lighting, storage and tables. 4 This stunning walnut-veneered ply table by Tom Price for Farrugia is part of the Isos project by Furniture Works (020 7320 1827). 5 American furniture company **Manheim-Ruseau** (www.manheimruseau.com) has launched its beautiful Revisions collection, including the Judith sofa.
